

Elk Velvet Antler For Pets -Frequently Asked Questions

How do you give QEVA to your pet?

- Two options: - Open a capsule and let the pet lick it from your hand
- Put the powder in the pet's food

How many capsules a day?

- For a dog up to 40 pounds 1 capsule a day is sufficient
- For a dog over 40 pounds 2 capsules a day is recommended

How long will it take to see benefits?

- Each pet is different, so results can vary. However, we expect results to be shown after a months use. Therefore, two bottles to start are recommended.

Can the product work on cats?

- QEVA can work for cats as well as it works for dogs
